- 2 funding opportunities from 5% Initiative (deadline for application - 23 May 2016)

Initiative 5%, as a donor of funding to fight HIV/AIDS and TB:

France is the first in Europe and second in the world **sponsor of Global Fund to fight AIDS, tuberculosis and malaria**. In 2010 it launched a new funding way in order to reduce the gap between developed and developing countries and called it "Initiative 5%", which is implemented by company France Expertise Internationale.

5 % of funds transferred to Global Fund by France now go to implementation of projects in Francophone countries, which need help of highly qualified specialists in development, implementation and conducting of different Fund's programs and in assessment of their effectiveness.

However, apart from Francophone countries, Initiative 5% also funds projects **in 5 countries of EECA region, that is Albania, Armenia, Georgia, Moldova and Ukraine**. Initiative 5% uses 2 channels or methods of program funding: **short-term technical assistance and project funding**.
