## Global Fund related news

### List of GC7 Updated Allocations and Reduced Amounts for EECA countries

On the week of 30 June 2025 countries received from the Global Fund Secretariat the **Grant Cycle 7 (GC7) reduced allocation letters** indicating the new allocation amounts for GC7 grants.

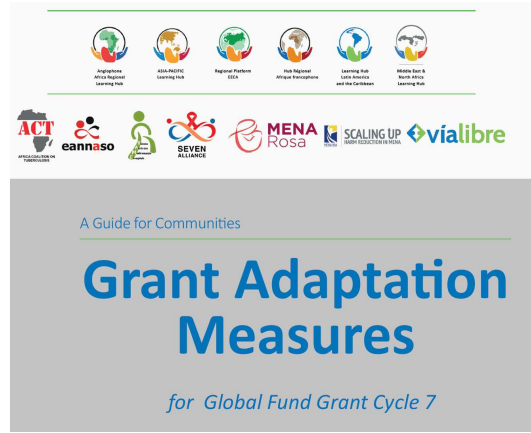

[EECA Regional Platform website](#) provides a table summarizing the reduced grant amount per each EECA country as well as the total amounts being reduced and % of reduction.

Information on 2023-2025 Allocations and GC7 Reduced Allocations is also available at the [Global Fund's website](#).

### A Guide for Communities: Grant Adaptation Measures for Global Fund Grant Cycle 7

The just released publication **Grant Adaptation Measures for Global Fund Grant Cycle 7 – A Guide for Communities** aim to help civil society and communities’ representatives to better understand the GC7 Programmatic Reprioritization processes and approach and to support their meaningful involvement into such processes currently taking place in all countries implementing Global Fund’s GC7 grants.

The document prepared by the Latin America and the Caribbean Regional Platform for Support, Coordination and Communication of Civil Society and Communities (LAC Platform).

## Essential TB interventions to be prioritized and maintained under GC7: a support package for TB communities

*A support package for TB affected communities and civil society* was developed to help engage at the country level GC7 reprioritization process – *to ensure essential and life saving TB interventions are maintained.*

The support package includes:

- The re-prioritization process and timeline;
- Core TB priorities grouped around essential diagnosis and treatment, TB prevention, removing barriers and improving access, and, community systems strengthening;
- Justifications, interventions and ideas for sustainability for each priority;
- Key steps and actions TB communities should take;
- A template letter that may be used to send to CCM and stakeholders.

STOP TB Partnership encourages to *share this with TB constituencies and CCM members*.

### Guidance on GC7 Mid-cycle Reprioritization and Revision

The [Guidance on GC7 Mid-cycle Reprioritization and Revision](#) outlines the operational policies and procedures to guide Principal Recipients (PRs), Country Coordinating Mechanisms (CCMs) and the Global Fund Secretariat on the Grant Cycle 7 (GC7) mid-cycle reprioritization and revision exercise.

This document replaces the Operational Policy Note on Funding Request (on confirming grant amounts) and Revise Grants (on revision approach) for this specific reprioritization and revision exercise. *The approach and timelines defined in this guidance apply only to grants integrating the reprioritization through the revision process*; grants still in grant-making that will sign within the reduced allocation are not subject to these timelines.

### Statement from Women 4 Global Fund: What “Lifesaving” means to us: A Feminist perspective from women and girls in all diversity

In a world of shrinking health budgets and rising anti-rights agendas, [Women 4 Global Fund \(W4GF\)](#) is raising its voice. New paper challenges the idea that “lifesaving” can be reduced to pills, diagnostics, and treatment targets. For women and girls in all diversity, *lifesaving means the right to live with dignity, autonomy, and justice* – not just survival.
